#### DIAMOND IDENTIVIEW™ IMAGE

This image reveals the craftsmanship and symmetry of the diamond. Use this image to positively identify the diamond with the BrillianceScope® Viewer.

Online Identiviewer™ [www.gemex.com/identiview](http://www.gemex.com/identiview)

Register your diamond with the GemEx International Diamond Registry™ [www.gemex.com/registry](http://www.gemex.com/registry)

#### CERTIFYING DIAMOND BEAUTY

The BrillianceScope® Analyzer is a patented imaging spectrophotometer that scientifically measures diamond:

- BRILLIANCE** *(white light)* Measures percentage of the diamond returning bright white light to the observer.
- FIRE** *(color light)* Measures percentage of the diamond returning bright colored light to the observer.
- SPARKLE** *(scintillation)* Measures the number of light points and determines how they change.

#### Additional Information provided by: 4C's lab

Shape: Round    Color: H-I    Clarity: VS2    Carat Weight: 0.93 Ct.

Measurements: 4.33 x 4.28 x 3.43 mm

ASSESSING DIAMOND BEAUTY BY MEASURING BRILLIANCE, FIRE AND SPARKLE

**GEMEX DISCLAIMER:** Over a million diamonds have been tested to determine the achievable light performance. The "Comparative Light Performance Evaluation Scales", which are based on the results of the BrillianceScope® Analyzer, have been developed to help consumers more easily determine the visual differences between diamonds. Results are repeatable with an accuracy range of +/- 5%. Accuracy standards have been developed and tested by GemEx Systems Inc. This document is not a guaranty, valuation or appraisal. GemEx Systems, Inc. ("The Company") assumes no liability or responsibility for the representations made by the owner/seller of this diamond. The images and light performance grades on diamonds are viewed and analyzed electronically only and as such are not guaranteed by The Company.
